

Tactical Broadband HF Dipole Antenna LT012

AT A GLANCE

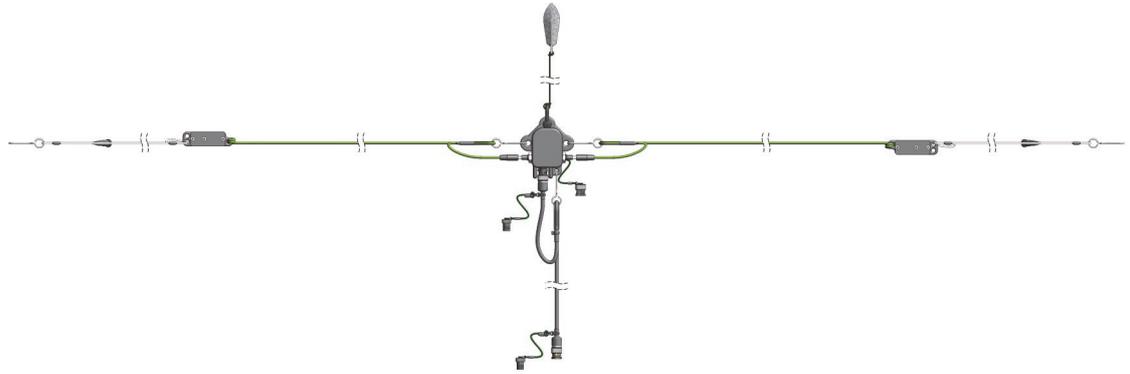

Full 2 - 30MHz

Quick deployment

All components supplied

No antenna tuner
needed

Perfect for ALE

Antenna shown truncated for clarity

The Lencom® LT012 Tactical Broadband HF Dipole Antenna covers the whole range from 2 - 30MHz with no gaps, with no antenna tuner required.

A throwing weight is supplied to locate and support the balun.

The dipole elements need only be unrolled from their winders and attached to the supplied anchor pegs and counterpoises, the balun halyard secured to a suitable support, and installation is complete.

All components required for the antenna erection are supplied, including balun, D shackle, halyard and throwing weight, dipole elements and loads (on winding frames), anchor pegs, counterpoises, a 15m terminated coaxial cable and canvas bag.

There are no fixings to lose, as all parts slip into or clamp on to each other.

Packed weight: 3.1kg
Packed dimensions: 311 x 231 x 243mm
Power rating: 125W PEP

Lencom manufactures a range of tactical antennas and masts; please enquire by any of the means below.
