

10m Tactical Mast - Transportable

02-2165 | 10m

Data Sheet

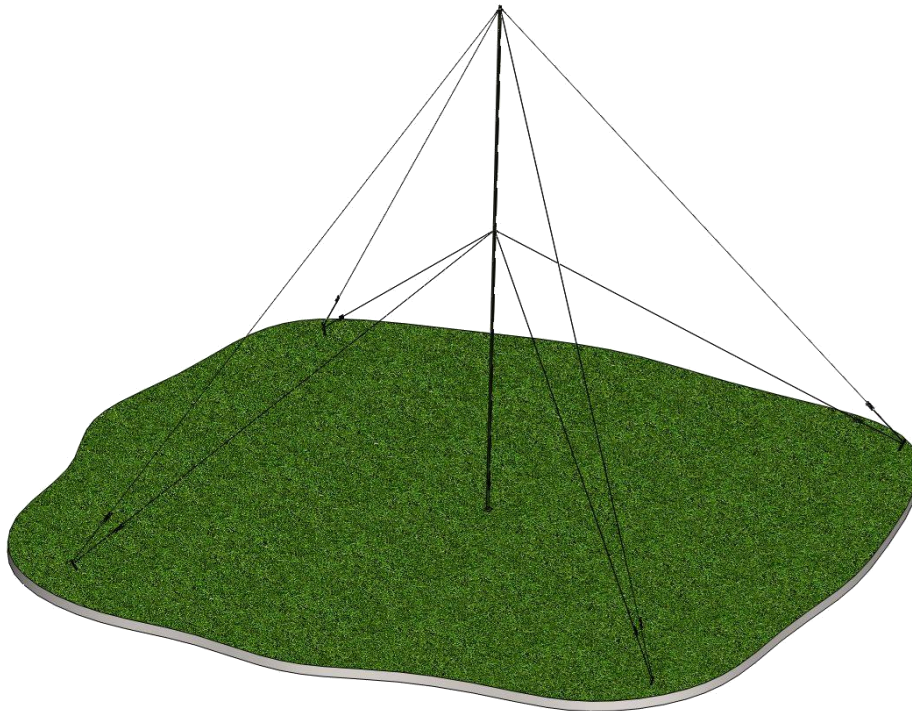

Figure 1 – Installed mast

The Lencom® 2165 tactical mast is designed with rapid deployment in mind, both of the mast and an associated wire HF antenna.

Erection is simple, quick and easily achieved with two people.

Product Information

Constructed of blackened, high strength, aluminium, the Lencom® 2165 tactical mast comprises nine sections that simply slide together.

The mast is guyed four ways at the 5.5m and 10m levels, and a quick-connect pulley and halyard system is supplied to enable rapid and easy raising and lowering of wire antennas.

The guys are supplied already connected to the guy disks to speed installation and ensure that they cannot be lost.

Anchor pegs are supplied for the guys and are pre-drilled to accept the guy snap hooks.

All installation hardware is supplied, packed in a rugged canvas bag for ease of transport.

Key Characteristics

Height	10m
